**UPDATE TO
PROCEDURES FOR RESORTING AND RECOUNTING
FOR THE COUNCIL OF REPRESENTATIVES ELECTION**

The following steps will be included in the resorting and recounting process for regular polling stations, after completing the recounting of ballots and before filling in Result Form 502.

- Check the original Form 501 as follows:
 - Compare the number of ballots in the box with the number of signatures recorded in field 7 of Form 501.
- Complete a new Form 501 as follows:
 1. Complete Section A of the form, which includes governorate name and code, Branch Office name and code, polling centre name and code and code of the polling station.
 2. If the number of ballots in the box is the same as field 7 of the previous form, stamp the new form and write the word 'matching' on it.
 3. If they are not the same, open the voter list and recount the signatures, to be compared again with ballots in the box.
- Fields of Form 501 to be completed:

The following fields of the new 501 will then be completed.

 1. Field 7 in Section B which indicates the number of signatures on the voter list
 2. Section D, which includes the following fields:
 - Field 14 which indicates number of unstamped ballots
 - Field 15 which indicates number of blank ballots
 - Field 16 which indicates number of invalid ballots
 - Field 17 which indicates number of valid ballots
 - Field 18 which indicates the total of fields 14 + 15 + 16 + 17 (ballots inside the box).

Note: Form 501 must be signed by all members of the Recount Team.
