IOM is committed to a diverse and inclusive environment. Applications from qualified female candidates are especially encouraged, as well as the internal and external candidates are eligible to apply to this vacancy. For the purpose of the vacancy, the internal candidates are considered as first-tier candidates.

Context

Within its Health border and mobility management (HBMM) framework, IOM delivers and promotes comprehensive, immediate and long-term preventive and curative health programmes which are beneficial, accessible, and equitable for migrants, mobile population and other vulnerable and hard to reach populations. IOM works within existing health framework and with government authorities and Health, WASH, and Protection cluster coordination mechanism. IOM provides travel health assessments, emergency life-saving assistance and health system strengthening which has been disrupted by long term conflict, distance and other accessibility issues.

IOM Iraq was established in 2003, and has built a strong network of staff, offices and logistics capacity. With more than 1,500 staff and main offices in Baghdad, Erbil, and Basra and 16 sub-offices in key locations, IOM works in cooperation with the Government of Iraq to provide support across all of Iraq’s 18 governorates. IOM works in partnership with UN agencies, Non-Governmental Organizations (NGOs) and Community Service Organizations (CSOs) as a member of the United Nations Country Team (UNCT) for Iraq.

IOM supports the Ministry of Health in its response to the COVID-19 outbreak in Iraq. Working closely with the Departments of Health at the governorate level, UN agencies, and other health actors, IOM will strengthen disease surveillance, case management, infection prevention and control, and risk communication and community engagement to reduce disease transmission in Iraq.

Under the overall supervision of the Migration Health Emergency Response Coordinator, the administrative supervision of the Head of Sub office and the direct supervision of the Migration Health Officer for Field Coordination, the incumbent will be responsible for assisting programs related to migration health under the area of responsibility as below:
Core Functions / Responsibilities

1. Support the delivery of all logistical functions including supply chain management, medical supplies and assets, and communications covering all activities under the Migration Health Department COVID-19 response.
